**Annual report of alumni feedback for the year 2019-20**

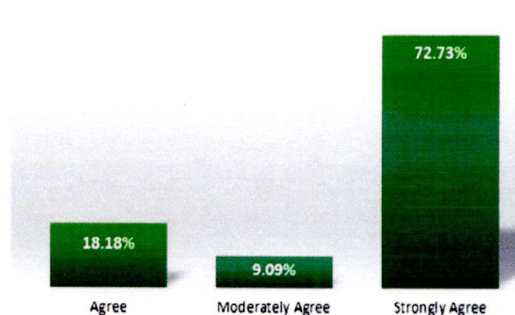

A well-functioning feedback system is of utmost importance for the proper functioning of any institution, especially for a Higher Education Institution. The College has always emphasized collecting feedback from its stakeholders – students, teachers, guardians, and alumni and analyzed them in the meetings of different committees and organizational bodies. However, the mode of collecting feedback and processing them has evolved during the last couple of years. Feedback was collected through feedback forms. Here we present feedback results, it's for the academic year 2019-20
