Category of the Activity: Awareness Activity

Date, Time & Venue: 05.06.2022, at 08:00 AM.; Haldia Township River side

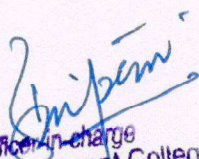

No. of Participants: 47

Brief Description of the Program:

The NCC COY of this college observed World Environment Day 2022 on 5th June in collaboration with West Bengal Waste management Ltd., Sutahata to generate more awareness among the natives of surroundings. The programme organized at Haldia Township ferry ghat, the cadets (47 nos.) along with CTO and two PI staff were assembled at the venue at 08:00 AM; on the other hand administrators and members of the collaborators also gathered with us in time. The programs included tree plantation, expert talks on hazards of plastic wastes and a cleaning process which ensure a litter free river bed. This campaign helps to raise awareness among students, general public about the environmental issues as well as take positive environmental actions. All the participants along with total 47 cadets participated in the collection and disposal of plastic wastes in the river bank. They collected nearly 20 bags of plastic bottles, plastics and polythene from the riverbank. Collected waste material segregated into two different categories i.e. biodegradable and non-biodegradable. The cadets appeals to local people and visitors to dispose of bottles and plastic material only in dustbins and not throw them anywhere else to protect our beautiful river bank.
